Doctor
2 hour day Evening open
Staff / Open
Auxiliary
Service
Ambulance Only

For our Patients, Visitors and or Staff:

Welcome to Grande Ronde Hospital! We hope this parking guide and map for the Hospital will help answer any questions about where to park.

As we strive to meet our community's health needs, we have expanded our facility and added more outpatient clinics and services. Although our goal is to provide convenient access to the hospital at all times, we understand parking may be a challenge during peak activity.

To address this challenge, we ask you to please park in the designated areas corresponding to your particular visit at Grande Ronde Hospital.

If you have any concerns and questions, please call our Technical Services Department at 963-1554.
